

DPR Home Warranties

PROTECTING *Your* INVESTMENT

SHOULDN'T LIFE'S BIGGEST PURCHASE
COME WITH A

Home Warranty?

NO FAULT COVERAGE*

Protects You From Undetectable Pre-Existing Conditions!

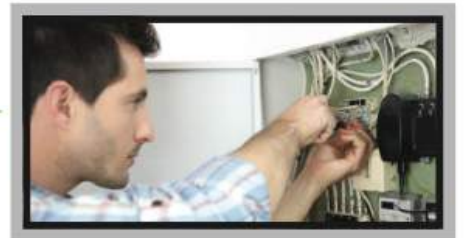

With our NO FAULT COVERAGE*, undetectable pre-existing conditions are covered including:

Rust and Corrosion • Lack of Maintenance • Improper Installation and Repairs • Mismatched Equipment

To qualify for the NO FAULT COVERAGE, please obtain a home inspection from a State Certified Inspector, or a OneGuard Mechanical Inspector. If neither have been performed, then undetectable pre-existing conditions will only be covered to the extent that the defects would not have been detected by a home inspection or a mechanical inspection.

ELIMINATE MANY "UNKNOWN" associated with purchasing a home

The purchase of a home is one of the most important decisions you'll ever make. A OneGuard Mechanical Inspection can eliminate many of the unknowns associated with that purchase. While less comprehensive than a certified home inspection, a OneGuard Mechanical Inspection will provide you with a visual and diagnostic inspection of the readily accessible systems and appliances that are covered by a DPR Home Warranty. You'll feel more confident with your purchase knowing that your home has been inspected and is guarded by a comprehensive home warranty plan.

MOVE INTO YOUR HOME WORRY FREE!

Your new home will be covered for one full year against breakdowns in major systems and kitchen appliances. If a covered item breaks down, we will repair or replace it. All you pay is one low service fee.

And, your contract includes many services to make moving into your new home easier. For a nominal service fee, you have access to re-key service and garage remote re-programming, utility connection, carpet cleaning or window washing.

**See contract for specific coverage*
